OCEANO

Anti-bacterial tiles: an invaluable aid in the home

We care about environment.
We care about our society.
We care about people like you.

Anti-bacterial Tiles

The anti-bacterial shield on OCEANO's tiles can eliminate 99.9% of bacteria from the Surface.

Anti-bacterial Tiles

Practicality and hygiene are the most important requirements when there are elderly people or young children at home.

In a flash, the floor can become the perfect location for endless rows of toy cars and trains, a place to read, lie down, play and relax...

This is when the choice of surfaces also becomes fundamental.

And the Protect tiles line perfectly ensures your peace of mind!
Thanks to the antibacterial shield, which is integrated in the mixture, 99.9% of bacteria are eliminated from the surface,

24 hours a day, 7 days a week, for the tile's entire lifespan.
A helping hand to have one less thing to worry about!

Anti-bacterial Tiles

The benefits of product

MORE HYGIENE AND EASIER CLEANING

PROTECT facilitates and supplements normal cleaning, making it less laborious and ensuring a better level of protection between cleaning operations.

IT ALSO ELIMINATES WHAT YOU CANNOT SEE

The bacteria are invisible, but that does not mean that they are not there. Thanks to PROTECT anti-bacterial technology, their growth can be significantly reduced on floors, walls, kitchen tops, etc.

LESS BACTERIA, LESS ODOURS

The presence of bacteria can cause unpleasant odours. Reducing bacteria reduces odours.
